

Moose Lake Meat Department

The Meat Department at Marketplace Foods in Moose Lake is a full-service meat department offering a wide variety of fresh, frozen, and smoked meats.

Our fresh meat case is filled with the finest cuts of choice Black Angus Beef, Premium Farms All-Natural Pork, and fresh Gold'n Plump Chicken. We take pride in our fresh ground beef that is ground fresh every morning. Specialty items include stuffed chicken, stuffed pork chops, breaded pork chops, breaded pork cutlets, seasoned pork steaks and porketta roasts.

Looking for seafood? You will find shrimp, scallops and lobster in our frozen section. Our own ground pork, breakfast sausage and Italian sausage can also be found there along with brand name breakfast sausages, chicken patties, corn dogs, hamburger patties, heat and serve meals, fresh frozen fish and many more items. For those of you who prefer to go meatless, we offer a selection of vegetarian items.

In our smoked meat section you will find your favorite brand names: Hillshire Farms, Johnsonville, Schweigert, Hormel, Farmland, John Morrell, Elliot's, and Oscar Mayer. We also carry Old Wisconsin smoked sausages – if you haven't tried them, now is the time! A portion of our case is dedicated to a variety of award winning Fancy Brand cheese ranging from aged cheddar block cheese to mozzarella string cheese. Interested in making your own sausage? We carry sausage casings and seasoning packets for your convenience.

Our friendly staff is led by Don Bistram, with 30 years of meat cutting experience, and 20 of those years as the department manager. Don is assisted by Pat Driscoll, who has 24 years of experience and Brandon Eskuri, with 12 years of experience. All three have been employed by Marketplace Foods for the past 10 years. Feel free to stop in or call them with any questions you may have. We look forward to hearing from you!
