

Moose Lake MarketPlace Foods

Here at Marketplace Foods Moose Lake we pride ourselves in being part of a great community. We are active with our local Chamber and provide donations to all parts of our community. I can honestly say that there is not many events in this town that we have not been a part of with either a donation or a helping hand.

We offer friendly service with a smile to all our guests. In the last year we have upgraded our front-end to better service you in our store. We pride ourselves on trying to make your shopping experience the best it can possibly be!

Throughout the year we have many great events for you and your family to attend. During the winter holidays, we have Taste of the Holidays to introduce you to new ideas and to sample products you might want to use for your get together. We have a food drive for our local food shelf along with weekly events in the store. Please stop by and check them out! Who says shopping cannot be fun?

Darrell Christian is the Store Director. He has over 10 years in the grocery business. He has been with MarketPlace Foods for over 2 years. He enjoys being a part of the Moose Lake community and is active in the local Chamber as Vice President.

We hope that you continue to shop with us. We are working hard to fight high prices by looking for the best deals we can find, and we will continue doing the best job we can for our community!

Thanks,
